## Clinical Care Coordinator

- **State of the Art Residential Aged Care Facility**
- **120+ beds – High Care / Low Care**
- **NSW Central Coast Location**

Cranbrook Care is a premier provider of aged care in Australia. We strive for exceptional **wellbeing** for our residents, physical and emotional **security** and **excellence** in both our staff service and built environment.

An exciting opportunity exists at our state of the art residential Aged Care facility, William Cape Gardens on the NSW Central Coast. We are currently seeking a suitably qualified Clinical Care Coordinator to join the management team of our modern, architecturally designed Aged Care facility.

Reporting to the Director of Care Services, you will ensure that care is provided within a framework of person-centred, individualised care with a focus on wellness and companionship for residents.

You will have a current NSW Registered Nurse Registration, experience in a similar role within aged care and have demonstrated knowledge of Accreditation and ACFI together with a commitment to continuous improvement.

Interested applicants should email their resume to [hmobbs@williamcapegardens.com.au](mailto:hmobbs@williamcapegardens.com.au). Should you require any further information please contact Helen Mobbs – Director of Care Services on 02 4392 4111. Applications close Friday, 19 February 2010.
